Community Health Plan of Washington

Cascade Select Formulary

This document includes a list of covered drugs (formulary) which is current as of 07/01/2026 . For updated formulary or other questions, please contact Community Health Plan of Washington at 1-866-907-1906 (TTY: 711), Monday through Friday, from 8 a.m. to 5 p.m. PST, or visit individualandfamily.chpw.org. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage (EOC) and Community Health Plan of Washington Cascade Select Pharmacy Directory.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Community Health Plan of Washington. When it refers to “plan” or “our plan,” it means Community Health Plan of Washington Cascade Select.

Community Health Plan of Washington Cascade Select formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan Participating (Network) Pharmacy, and other plan rules are followed. The formulary is searchable on the website at individualandfamily.chpw.org/prescription-drugs. Drugs that are not on our formulary may be covered through the formulary exception process. Please refer to the EOC or contact us for more information.

The formulary may change at any time. For updates regarding periodic changes to the formulary and other pharmaceutical management programs, please check our website at individualandfamily.chpw.org/prescription-drugs.

There are two ways to find your drug within the formulary. The drugs in this formulary are grouped by therapeutic class and an alphabetical index is included at the end of this document to assist in locating specific drugs.

Your Prescription Drugs benefit requires you to pay a cost-share of either a copay or coinsurance for each separate new prescription or refill you get from a Participating Pharmacy. Please check your benefit for coverage limitations and your share of cost for your drugs.

This Prescription Drug Benefit has four Tiers

Tier 1 Generic Formulary Drugs	Generic drugs that are on CHPW's current Formulary.
Tier 2 Preferred Brand- Name Formulary Drugs	Brand-Name Drugs that are on CHPW's current Formulary, and are preferred by CHPW.
Tier 3 Non-Preferred Brand-Name Formulary Drugs	Brand-Name Drugs that are included on CHPW's current Formulary, but are not preferred by CHPW.
Tier 4 Specialty Drugs	High-cost drugs that are used to treat complex, rare or chronic conditions and often require special handling, storage, administration or patient monitoring.

Dispensing Limit

Tier 1 and Tier 2 drugs are available at up to a 90-day supply at participating retail pharmacies and our mail order pharmacy. Cost-shares are payable upon dispensing. This benefit provides up to a 30-day supply on Tier 3 and Tier 4 drugs. Cost-shares are payable upon dispensing.

Requirements or limits on coverage

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per prescription for simvastatin. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary. You can also get more information about the restrictions applied to specific covered drugs by visiting our website at individualandfamily.chpw.org/prescription-drugs.

Prior Authorization

To promote the most appropriate utilization, selected high-risk or high-cost medications require prior authorization to be eligible for coverage. Prior authorization criteria have been developed using current, published, peer-reviewed medical literature, as well as input from local providers. The formulary medications that require prior authorization are identified by a “PA” following their name. Most authorizations are good for one year; after that, the drugs listed here will need to be reauthorized. Drugs may be added or deleted from this list as deemed necessary.

Prior Authorization Requests:

Non-Formulary and Prior Authorization requests must be directed to:

Express Scripts

Attn: Prior Authorization

P.O. Box 66587

St. Louis, MO 63166-6588

Phone: 1-800-753-2851

Fax: 877-251-5896

Electronic Prior Authorization requests can be submitted through:
express-scripts.com/PA

Anticancer prescription coverage:

Your cost-sharing amounts for orally administered and self-administered anticancer drugs or chemotherapy will be at least comparable to coverage for anticancer medication or chemotherapy that is administered intravenously or by injection by a health care provider or facility.

Insulin prescription, asthma inhalers (corticosteroid, inhaled corticosteroid, and inhaled corticosteroid combination), and epinephrine auto injectors coverage:

Prescription drug coverage of insulin drugs for the treatment of diabetes is capped at an amount not to exceed \$35 per 30-day supply of the drug. Prescription insulin drugs are covered without being subject to a deductible, and any cost-sharing paid by an enrollee will be applied toward the enrollee's deductible obligation. Drug coverage for asthma inhalers (corticosteroid, inhaled corticosteroid, and inhaled corticosteroid combination) , epinephrine auto injectors, EpiPens (products containing at least 2 auto injectors) is capped at an amount of \$35 per 30-day supply of the drug and will not apply toward your Calendar Year Deductible.

OTC medications

Drugs and medicines that may be lawfully obtained over-the-counter (OTC) without a prescription are excluded, unless otherwise stated in this benefit. Please check our website for more information on covered OTC products when prescribed by a practitioner with a valid prescription.

Prescription eye drop refills

Based on the judgment of the dispensing pharmacist, this benefit will allow one early refill of a prescription eye drop after 70 percent of the predicted days of use from the last dispense date.

The pharmacist authorization will be allowed without requiring consultation with a physician or obtaining a new prescription or refill from a physician provided that the refill is not in excess of the original number of refills prescribed by the physician.

Prescription medication synchronization

To facilitate appropriate coordination of medication refills for a patient taking two or more medications, this benefit allows for medication synchronization of new medications in quantities necessary to achieve medication synchronization with other medications.

Medication synchronization allows for prescription fills of more or less than a one-month supply in order to synchronize future refills with other routine medications. Applicable discounts based on day supply will be applied to copays and/or coinsurance if less than a standard one-month refill amount is provided during medication synchronization. For example, if the base copay for a month supply of medication is \$32.00 the medication synchronization copay if filled for a 15-day supply would be \$16.00. If you have any questions, please call Customer Service at 1-866-907-1906 (TTY: 711) 8 a.m. to 5 p.m., Monday through Friday.

Community Health Plan of Washington

Cascade Select Formulario

Este documento incluye una lista de medicamentos cubiertos (formulario) que rige a partir del 01/07/2026. Para obtener un formulario actualizado o por otras consultas, póngase en contacto con Community Health Plan of Washington al 1-866-907-1906 (TTY: 711) de lunes a viernes, de 8:00 a. m. a 5:00 p. m. (hora del pacífico), o visite individualandfamily.chpw.org. Para obtener una descripción completa de su cobertura de medicamentos con receta, incluido cómo surtir sus recetas, consulte la Evidencia de cobertura (EOC) y el Directorio de Farmacias de Community Health Plan of Washington Cascade Select.

Cuando esta lista de medicamentos (formulario) dice “nosotros” “nos” o “nuestro”, hace referencia a Community Health Plan of Washington. Cuando menciona “plan” o “nuestro plan”, se refiere a Community Health Plan of Washington Cascade Select.

Un formulario de Community Health Plan of Washington Cascade Select es una lista de medicamentos cubiertos seleccionados por nuestro plan, en colaboración con un equipo de proveedores de atención médica, que representa las terapias con receta que se consideran una parte necesaria de un programa de tratamiento de calidad. Generalmente nuestro plan cubre los medicamentos que se mencionan en nuestro formulario, siempre y cuando el medicamento sea médicamente necesario, la receta se presente en una Farmacia Participante y se cumpla con otras normas del plan. El formulario se puede buscar en el sitio web

individualandfamily.chpw.org/prescription-drugs. Los medicamentos que no están en nuestro formulario pueden estar cubiertos a través de un proceso de excepción del formulario. Consulte la EOC o comuníquese con nosotros para obtener más información.

El formulario puede variar en cualquier momento. Para ver las actualizaciones respecto de los cambios periódicos al formulario y otros programas de manejo farmacéutico, consulte nuestro sitio web individualandfamily.chpw.org/prescription-drugs.

Existen dos maneras de encontrar su medicamento dentro del formulario. Los medicamentos en este formulario están agrupados por clase terapéutica y se incluye un índice alfabético al final de este documento para ayudarle a encontrar medicamentos específicos.

Su beneficio de Medicamentos Recetados requiere que usted pague una parte del costo de un copago o coseguro por cada receta nueva separada o repetición que reciba de una Farmacia Participante. Por favor revise su beneficio para ver las limitaciones de cobertura y su parte del costo de sus medicamentos.

Este Beneficio de Medicamentos Recetados tiene cuatro Niveles

Nivel 1 Medicamentos Genéricos del Formulario	Medicamentos genéricos que están en nuestro Formulario actual de CHPW.
Nivel 2 Medicamentos del Formulario de Marca Preferida.	Medicamentos de marca que están en el formulario actual de CHPW, y son preferidos por CHPW.
Nivel 3 Medicamentos de Marca No Preferida Medicamentos del Formulario	Medicamentos de marca que están incluidos en el formulario actual de CHPW, pero no son preferidos por CHPW.
Nivel 4 Medicamentos de Especialidad	Medicamentos de alto costo que se utilizan para tratar condiciones complejas, raras o crónicas y a menudo requieren un manejo, almacenamiento, administración o monitoreo especial del paciente.

Límite de Suministro

Los medicamentos de nivel 1 y 2 están disponibles en un suministro de hasta 90 días en las farmacias minoristas participantes y en nuestra farmacia de pedidos por correo. Los costos compartidos se pagan en el momento de la entrega. Este beneficio proporciona hasta un suministro de 30 días en medicamentos de nivel 3 y 4. Los costos compartidos se pagan en el momento de la entrega.

Requisitos o límites de cobertura

Algunos medicamentos cubiertos tienen requisitos adicionales o límites en la cobertura. Estos requisitos pueden incluir lo siguiente:

- **Autorización previa:** Nuestro plan requiere que usted o su médico obtengan autorización previa para ciertos medicamentos. Esto significa que deberá obtener nuestra aprobación antes de surtir sus recetas. Si usted no obtiene la aprobación, puede que nuestro plan no cubra el medicamento.
- **Límites de cantidades:** para ciertos medicamentos, nuestro plan limita la cantidad de medicamento que cubriremos. Por ejemplo, nuestro plan ofrece 30 comprimidos por receta de simvastatina. Esto puede ser adicional a un suministro estándar de uno o tres meses.
- **Tratamiento escalonado:** en algunos casos, nuestro plan requiere que primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para su afección. Por ejemplo, si el medicamento A y el medicamento B tratan la misma afección médica, es posible que no cubramos el medicamento B a menos que pruebe el medicamento A primero. Si el medicamento A no funciona para usted, entonces nuestro plan cubrirá el medicamento B.

Puede averiguar si su medicamento tiene límites o requisitos adicionales al consultar el formulario. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos si visita nuestro sitio web individualandfamily.chpw.org/prescription-drugs.

Autorización previa

Para promover la utilización más adecuada, los medicamentos seleccionados de alto riesgo o de alto costo requieren autorización previa para ser elegibles para la cobertura. Se han elaborado criterios de autorización previa utilizando literatura médica actual, publicada y revisada por pares, así como aportaciones de proveedores locales. Los medicamentos del formulario que requieren autorización previa se identifican mediante un "PA" después de su nombre. La mayoría de las autorizaciones tienen un año de validez; después de eso, los medicamentos de esta lista tendrán que ser reautorizados. Se pueden añadir o eliminar medicamentos de esta lista según se considere necesario.

Solicitudes de Autorización Previa:

Las solicitudes de autorización previa y de medicamentos que no están en el formulario deben dirigirse a:

Express Scripts

Attn: Autorización Previa

P.O. Box 66587

St. Louis, MO 63166-6588

Teléfono: 1-800-753-2851

Fax: 877-251-5896

Las solicitudes electrónicas de autorización previa pueden presentarse en: express-scripts.com/PA

Cobertura de recetas contra el cáncer:

Sus cantidades de costo compartido para medicamentos anticancerígenos administrados por vía oral y autoadministrados o quimioterapia serán al menos comparables a la cobertura de medicamentos anticancerígenos o quimioterapia que se administra por vía intravenosa o por inyección por un proveedor de atención médica o centro.

Cobertura de recetas de insulina, inhaladores para el asma (corticosteroides, corticosteroides inhalados y combinaciones de corticosteroides inhalados) y autoinyectores de epinefrina:

La cobertura de medicamentos recetados de medicamentos de insulina para el tratamiento de la diabetes está limitada a una cantidad que no debe exceder los \$35 por suministro de 30 días del medicamento. Los medicamentos recetados de insulina están cubiertos sin estar sujetos a un deducible, y cualquier costo compartido pagado por un afiliado se aplicará a la obligación de deducible del afiliado. La cobertura de medicamentos para inhaladores para el asma (corticosteroides, corticosteroides inhalados y combinaciones de corticosteroides inhalados), autoinyectores de epinefrina y EpiPens (productos que contienen al menos 2 autoinyectores) está limitada a una cantidad de \$35 por suministro de 30 días del medicamento y no se aplicará a su deducible por año calendario.

Medicamentos de venta libre (OTC)

Los medicamentos y medicamentos que se pueden obtener legalmente sin receta ("OTC") están excluidos, a menos que se indique lo contrario en este beneficio. Consulte nuestro sitio web para obtener más información.

Repetición de receta de gotas oftálmicas

Según el juicio del farmacéutico dispensador, este beneficio permitirá una repetición temprana de receta de gotas oftálmicas prescritas después del 70 por ciento de los días de uso previstos a partir de la última fecha de dispensación. Se permitirá la autorización del farmacéutico sin necesidad de consultar con un médico u obtener una nueva receta o repetición de receta de un médico siempre que la repetición no sea superior al número original de repeticiones prescritas por el médico.

Sincronización de Medicamentos Recetados

Para facilitar la coordinación adecuada de las resurtidos de medicamentos para un paciente que toma dos o más, este beneficio permite la sincronización de nuevos medicamentos en las cantidades necesarias para lograr la sincronización con otros.

La sincronización permite surtir recetas de un suministro mayor o menor a un mes para sincronizar futuros resurtidos con otros medicamentos de rutina. Se aplicarán descuentos aplicables por día de suministro a los copagos y/o coaseguros si se proporciona un resurtido menor a la cantidad estándar de un mes durante la sincronización. Por ejemplo, si el copago base para un suministro mensual de medicamentos es de \$32.00, el copago por sincronización de medicamentos para un suministro de 15 días

sería de \$16.00. Si tiene alguna pregunta, llame a Servicio al Cliente al 1-866-907-1906 (TTY: 711) de 8:00 a. m. a 5:00 p. m., de lunes a viernes.

Es posible que se requiera una revisión de costo compartido [copago] para que ciertos medicamentos preventivos califiquen para un copago cero.
