# Community Health Plan of Washington Cascade Select Formulary

This document includes a list of covered drugs (formulary) which is current as of 09/30/2024. For updated formulary or other questions, please contact Community Health Plan of Washington at 1-866-907-1906 (TTY: 711), Monday through Friday, from 8 a.m. to 5 p.m. PST, or visit [individualandfamily.chpw.org](http://individualandfamily.chpw.org). To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage (EOC) and Community Health Plan of Washington Cascade Select Pharmacy Directory.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Community Health Plan of Washington. When it refers to “plan” or “our plan,” it means Community Health Plan of Washington Cascade Select.

Community Health Plan of Washington Cascade Select formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan Participating (Network) Pharmacy, and other plan rules are followed. The formulary is searchable on the website at [individualandfamily.chpw.org/prescription-drugs](http://individualandfamily.chpw.org/prescription-drugs). Drugs that are not on our formulary may be covered through the formulary exception process. Please refer to the EOC or contact us for more information.

The formulary may change at any time. For updates regarding periodic changes to the formulary and other pharmaceutical management programs, please check our website at [individualandfamily.chpw.org/prescription-drugs](http://individualandfamily.chpw.org/prescription-drugs).

There are two ways to find your drug within the formulary. The drugs in this formulary are grouped by therapeutic class and an alphabetical index is included at the end of this document to assist in locating specific drugs.

Your Prescription Drugs benefit requires you to pay a cost-share of either a copay or coinsurance for each separate new prescription or refill you get from a Participating Pharmacy. Please check your benefit for coverage limitations and your share of cost for your drugs.

This Prescription Drug Benefit has four Tiers

<b>Tier 1</b> Generic Formulary Drugs	Generic drugs that are on CHPW's current Formulary.
<b>Tier 2</b> Preferred Brand-Name Formulary Drugs	Brand-Name Drugs that are on CHPW's current Formulary, and are preferred by CHPW.
<b>Tier 3</b> Non-Preferred Brand-Name Formulary Drugs	Brand-Name Drugs that are included on CHPW's current Formulary, but are not preferred by CHPW.
<b>Tier 4</b> Specialty Drugs	High-cost drugs that are used to treat complex, rare or chronic conditions and often require special handling, storage, administration or patient monitoring.

### **Dispensing Limit**

Tier 1 and Tier 2 drugs are available at up to a 90-day supply at participating retail pharmacies and our mail order pharmacy. Cost-shares are payable upon dispensing. This benefit provides up to a 30-day supply on Tier 3 and Tier 4 drugs. Cost-shares are payable upon dispensing.

### **Requirements or limits on coverage**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per prescription for simvastatin. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary. You can also get more information about the restrictions applied to specific covered drugs by visiting our website at [individualandfamily.chpw.org/prescription-drugs](http://individualandfamily.chpw.org/prescription-drugs).

## **Prior Authorization**

To promote the most appropriate utilization, selected high-risk or high-cost medications require prior authorization to be eligible for coverage. Prior authorization criteria have been developed using current, published, peer-reviewed medical literature, as well as input from local providers. The formulary medications that require prior authorization are identified by a "PA" following their name. Most authorizations are good for one year; after that, the drugs listed here will need to be reauthorized. Drugs may be added or deleted from this list as deemed necessary.

### **Prior Authorization Requests:**

Non-Formulary and Prior Authorization requests must be directed to:

Express Scripts

Attn: Prior Authorization

P.O. Box 66587

St. Louis, MO 63166-6588

**Phone:** 1-800-753-2851

**Fax:** 877-251-5896

Electronic Prior Authorization requests can be submitted through: [express-scripts.com/PA](http://express-scripts.com/PA)

### **Anticancer prescription coverage:**

Your cost-sharing amounts for orally administered and self-administered anticancer drugs or chemotherapy will be at least comparable to coverage for anticancer medication or chemotherapy that is administered intravenously or by injection by a health care provider or facility.

### **Insulin prescription, asthma inhalers (corticosteroid, inhaled corticosteroid, and inhaled corticosteroid combination), and epinephrine auto injectors coverage:**

Prescription drug coverage of insulin drugs for the treatment of diabetes is capped at an amount not to exceed \$35 per 30-day supply of the drug. Prescription insulin drugs are covered without being subject to a deductible, and any cost-sharing paid by an enrollee will be applied toward the enrollee's deductible obligation. Drug coverage for asthma inhalers (corticosteroid, inhaled corticosteroid, and inhaled corticosteroid combination), epinephrine auto injectors, EpiPens (products containing at least 2 auto injectors) is capped at an amount of \$35 per 30-day supply of the drug and will not apply toward your Calendar Year Deductible.

### **OTC medications**

Drugs and medicines that may be lawfully obtained over-the-counter (OTC) without a prescription are excluded, unless otherwise stated in this benefit. Please check our website for more information on covered OTC products when prescribed by a practitioner with a valid prescription.

### **Prescription eye drop refills**

Based on the judgment of the dispensing pharmacist, this benefit will allow one early refill of a prescription eye drop after 70 percent of the predicted days of use from the last dispense date. The

pharmacist authorization will be allowed without requiring consultation with a physician or obtaining a new prescription or refill from a physician provided that the refill is not in excess of the original number of refills prescribed by the physician.

### **Prescription medication synchronization**

To facilitate appropriate coordination of medication refills for a patient taking two or more medications, this benefit allows for medication synchronization of new medications in quantities necessary to achieve medication synchronization with other medications. Medication synchronization allows for prescription fills of more or less than a one-month supply in order to synchronize future refills with other routine medications. Applicable copays and coinsurance will be adjusted if less than a standard refill amount is provided during medication synchronization.

### **Preventive medications under the Affordable Care Act (ACA)**

The following medications are covered under the Affordable Care Act (ACA) without any cost-sharing when prescribed in accordance with recommendations by the U.S. Preventive Services Task Force. Please note that age, dose, quantity, and clinical restrictions may apply. Please check our website for more information.

- Aspirin
- Bowel Preparation Agents
- Breast Cancer Prevention:
  - Tamoxifen
  - Raloxifene
  - Anastrozole
  - Exemestane
- Contraceptives
- Fluoride
- Folic acid
- HIV Pre-exposure prophylaxis (PrEP):
  - Combined tenofovir disoproxil fumarate emtricitabine (Truvada)
  - Tenofovir disoproxil fumarate
- Immunizations when administered by a pharmacist
- Smoking Cessation:
  - Bupropion SR
  - Varenicline
  - Nicotine Replacement
- Cardiovascular disease prevention:
  - Atorvastatin
  - Fluvastatin
  - Lovastatin
  - Pravastatin
  - Rosuvastatin

If you were charged a cost-share for any of the medications above while taking them for preventive reasons or reasons that are in accordance with the recommendations of the U.S. Preventive Services Task Force you may request a cost-share [copay] review and request reimbursement. A cost-share [copay] review may be required for certain preventive medications to qualify for zero copay. To request a cost-share [copay] review, you or your authorized representative must submit a request in writing and mail or fax it to:

Express Scripts  
Attn: Benefit Coverage Review Department  
PO Box-66588  
St Louis, MO 63166- 6588  
Fax: 877-328-9660

### **Specialty Drug Prescription benefit**

The Specialty Drug Prescription benefit only applies to Specialty Drugs in Tier 4, dispensed by Participating Specialty Pharmacies. Specialty Drugs are high-cost drugs that are used to treat complex, rare or chronic conditions and often require special handling, storage, administration or patient monitoring. Specialty Drugs can be oral or self-administered injectable drugs to treat conditions such as rheumatoid arthritis, hepatitis, multiple sclerosis, cancer or growth disorders (excluding idiopathic short stature without growth hormone deficiency).

Participating Specialty Pharmacies specialize in the delivery and clinical management of Specialty Drugs. You and your health care provider must work with our Participating Specialty Pharmacies to arrange ordering and delivery of these drugs.

- Participating Specialty Pharmacy: Specialty Drugs in Tier 4 must be dispensed through a Participating Specialty Pharmacy. Your Out-of- Pocket expenses for Specialty Drugs will count toward your calendar year Out-of-Pocket Maximum if dispensed by a Participating Specialty Pharmacy.
- Non-Participating Specialty Pharmacy: You will pay full price if the prescription is filled by a Non-Participating Specialty Pharmacy. Your Out-of- Pocket expenses for Specialty Drugs will not count toward your calendar year Out-of-Pocket Maximum if dispensed by a Non-Participating Specialty Pharmacy.

Please note: Specialty Drugs that are administered under the supervision of a physician, through home infusion or within a medical facility, are part of your medical benefits. Specific prior authorization guidelines may apply. Please refer to your plan's Evidence of Coverage (EOC).

Please note: This plan will only cover Specialty Drugs that are dispensed by our Participating Specialty Pharmacies. If you need a list of Participating Specialty Pharmacies, covered under this Specialty Drug Prescription benefit, please call us at 1-866-907-1906 (TTY: 711).

### **List of Abbreviations**

**ACA:** Preventive medication under Affordable Care Act

**PA:** Prior Authorization

**QL:** Quantity Limit

**ST:** Step Therapy

# Community Health Plan of Washington Cascade Select Formulario

Este documento incluye una lista de medicamentos cubiertos (formulario) que rige a partir del 30/09/2024. Para obtener un formulario actualizado o por otras consultas, póngase en contacto con Community Health Plan of Washington al 1-866-907-1906 (TTY: 711) de lunes a viernes, de 8:00 a. m. a 5:00 p. m. (hora del pacífico), o visite [individualandfamily.chpw.org](http://individualandfamily.chpw.org). Para obtener una descripción completa de su cobertura de medicamentos con receta, incluido cómo surtir sus recetas, consulte la Evidencia de cobertura (EOC) y el Directorio de Farmacias de Community Health Plan of Washington Cascade Select.

Cuando esta lista de medicamentos (formulario) dice “nosotros” “nos” o “nuestro”, hace referencia a Community Health Plan of Washington. Cuando menciona “plan” o “nuestro plan”, se refiere a Community Health Plan of Washington Cascade Select.

Un formulario de Community Health Plan of Washington Cascade Select es una lista de medicamentos cubiertos seleccionados por nuestro plan, en colaboración con un equipo de proveedores de atención médica, que representa las terapias con receta que se consideran una parte necesaria de un programa de tratamiento de calidad. Generalmente nuestro plan cubre los medicamentos que se mencionan en nuestro formulario, siempre y cuando el medicamento sea médicalemente necesario, la receta se presente en una Farmacia Participante y se cumpla con otras normas del plan. El formulario se puede buscar en el sitio web [individualandfamily.chpw.org/prescription-drugs](http://individualandfamily.chpw.org/prescription-drugs). Los medicamentos que no están en nuestro formulario pueden estar cubiertos a través de un proceso de excepción del formulario. Consulte la EOC o comuníquese con nosotros para obtener más información.

El formulario puede variar en cualquier momento. Para ver las actualizaciones respecto de los cambios periódicos al formulario y otros programas de manejo farmacéutico, consulte nuestro sitio web [individualandfamily.chpw.org/prescription-drugs](http://individualandfamily.chpw.org/prescription-drugs).

Existen dos maneras de encontrar su medicamento dentro del formulario. Los medicamentos en este formulario están agrupados por clase terapéutica y se incluye un índice alfabético al final de este documento para ayudarle a encontrar medicamentos específicos.

Su beneficio de Medicamentos Recetados requiere que usted pague una parte del costo de un copago o coseguro por cada receta nueva separada o repetición que reciba de una Farmacia Participante. Por favor revise su beneficio para ver las limitaciones de cobertura y su parte del costo de sus medicamentos.

Este Beneficio de Medicamentos Recetados tiene cuatro Niveles

<b>Nivel 1</b> Medicamentos Genéricos del Formulario	Medicamentos genéricos que están en nuestro Formulario actual de CHPW.
<b>Nivel 2</b> Medicamentos del Formulario de Marca Preferida.	Medicamentos de marca que están en el formulario actual de CHPW, y son preferidos por CHPW.
<b>Nivel 3</b> Medicamentos de Marca No Preferida Medicamentos del Formulario	Medicamentos de marca que están incluidos en el formulario actual de CHPW, pero no son preferidos por CHPW.
<b>Nivel 4</b> Medicamentos de Especialidad	Medicamentos de alto costo que se utilizan para tratar condiciones complejas, raras o crónicas y a menudo requieren un manejo, almacenamiento, administración o monitoreo especial del paciente.

### Límite de Suministro

Los medicamentos de nivel 1 y 2 están disponibles en un suministro de hasta 90 días en las farmacias minoristas participantes y en nuestra farmacia de pedidos por correo. Los costos compartidos se pagan en el momento de la entrega. Este beneficio proporciona hasta un suministro de 30 días en medicamentos de nivel 3 y 4. Los costos compartidos se pagan en el momento de la entrega.

### Requisitos o límites de cobertura

Algunos medicamentos cubiertos tienen requisitos adicionales o límites en la cobertura. Estos requisitos pueden incluir lo siguiente:

- **Autorización previa:** Nuestro plan requiere que usted o su médico obtengan autorización previa para ciertos medicamentos. Esto significa que deberá obtener nuestra aprobación antes de surtir sus recetas. Si usted no obtiene la aprobación, puede que nuestro plan no cubra el medicamento.
- **Límites de cantidades:** para ciertos medicamentos, nuestro plan limita la cantidad de medicamento que cubriremos. Por ejemplo, nuestro plan ofrece 30 comprimidos por receta de simvastatina. Esto puede ser adicional a un suministro estándar de uno o tres meses.
- **Tratamiento escalonado:** en algunos casos, nuestro plan requiere que primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para su afección. Por ejemplo, si el medicamento A y el medicamento B tratan la misma afección médica, es posible que no cubramos el medicamento B a menos

que pruebe el medicamento A primero. Si el medicamento A no funciona para usted, entonces nuestro plan cubrirá el medicamento B.

Puede averiguar si su medicamento tiene límites o requisitos adicionales al consultar el formulario. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos si visita nuestro sitio web [individualandfamily.chpw.org/prescription-drugs](http://individualandfamily.chpw.org/prescription-drugs).

### **Autorización previa**

Para promover la utilización más adecuada, los medicamentos seleccionados de alto riesgo o de alto costo requieren autorización previa para ser elegibles para la cobertura. Se han elaborado criterios de autorización previa utilizando literatura médica actual, publicada y revisada por pares, así como aportaciones de proveedores locales. Los medicamentos del formulario que requieren autorización previa se identifican mediante un "PA" después de su nombre. La mayoría de las autorizaciones tienen un año de validez; después de eso, los medicamentos de esta lista tendrán que ser reautorizados. Se pueden añadir o eliminar medicamentos de esta lista según se considere necesario.

#### **Solicitudes de Autorización Previa:**

Las solicitudes de autorización previa y de medicamentos que no están en el formulario deben dirigirse a:

Express Scripts  
Attn: Autorización Previa  
P.O. Box 66587  
St. Louis, MO 63166-6588  
**Teléfono:** 1-800-753-2851  
**Fax:** 877-251-5896

Las solicitudes electrónicas de autorización previa pueden presentarse en: express-scripts.com/PA

#### **Cobertura de recetas contra el cáncer:**

Sus cantidades de costo compartido para medicamentos anticancerígenos administrados por vía oral y autoadministrados o quimioterapia serán al menos comparables a la cobertura de medicamentos anticancerígenos o quimioterapia que se administra por vía intravenosa o por inyección por un proveedor de atención médica o centro.

#### **Cobertura de recetadas de insulina, inhaladores para el asma (corticosteroides, corticosteroides inhalados y combinaciones de corticosteroides inhalados) y autoinyectores de epinefrina:**

La cobertura de medicamentos recetados de medicamentos de insulina para el tratamiento de la diabetes está limitada a una cantidad que no debe exceder los \$35 por suministro de 30 días del medicamento. Los medicamentos recetados de insulina están cubiertos sin estar sujetos a un deducible, y cualquier costo compartido pagado por un afiliado se aplicará a la obligación de deducible del afiliado. La cobertura de medicamentos para inhaladores para el asma (corticosteroides, corticosteroides inhalados y combinaciones de corticosteroides inhalados), autoinyectores de epinefrina y EpiPens (productos que contienen al menos 2 autoinyectores) está

limitada a una cantidad de \$35 por suministro de 30 días del medicamento y no se aplicará a su deducible por año calendario.

### **Medicamentos de venta libre (OTC)**

Los medicamentos y medicamentos que se pueden obtener legalmente sin receta ("OTC") están excluidos, a menos que se indique lo contrario en este beneficio. Consulte nuestro sitio web para obtener más información.

### **Repetición de receta de gotas oftálmicas**

Según el juicio del farmacéutico dispensador, este beneficio permitirá una repetición temprana de receta de gotas oftálmicas prescritas después del 70 por ciento de los días de uso previstos a partir de la última fecha de dispensación. Se permitirá la autorización del farmacéutico sin necesidad de consultar con un médico u obtener una nueva receta o repetición de receta de un médico siempre que la repetición no sea superior al número original de repeticiones prescritas por el médico.

### **Sincronización de Medicamentos Recetados**

Para facilitar la coordinación adecuada de las repeticiones de medicamentos para un paciente que toma dos o más medicamentos, este beneficio permite la sincronización de nuevos medicamentos en cantidades necesarias para lograr la sincronización de unos medicamentos con otros. La sincronización de medicamentos permite repeticiones de recetas de más o menos de un suministro de un mes con el fin de sincronizar futuras repeticiones con otros medicamentos de rutina. Los copagos y coseguros aplicables se ajustarán si se proporciona menos de una cantidad de repetición estándar durante la sincronización de medicamentos.

**Medicamentos Preventivos bajo la Affordable Care Act (ACA)** Los siguientes medicamentos están cubiertos por Affordable Care Act sin costo compartido cuando se prescribe de acuerdo con las recomendaciones del Grupo de Tareas de Servicios Preventivos de los Estados Unidos. Tenga en cuenta que pueden aplicarse restricciones de edad, dosis, cantidad y clínicas. Consulte nuestro sitio web para obtener más información.

- Aspirina
- Agentes de preparación intestinal.
- Prevención de cáncer de mama:
  - Tamoxifeno
  - Raloxifeno
  - Anastrozol
  - Exemestane
- Anticonceptivos
- Flúor
- Ácido fólico
- Profilaxis de la pre-exposición del VIH (PrEP):
  - Tenofovir disoproxil fumarato combinado emtricitabina (Truvada)
  - Tenofovir disoproxil fumarato

- Inmunizaciones cuando las aplica un farmacéutico
- Cesación Tabáquica
  - Bupropion SR
  - Vareniclina
  - Reemplazo de nicotina
- Prevención de enfermedades cardiovasculares:
  - Atorvastatina
  - Fluvastatina
  - Lovastatina
  - Pravastatina
  - Rosuvastatina

Si se le cobra un costo compartido por algún medicamento de los mencionados anteriormente mientras lo toma con fines preventivos o por motivos que están de acuerdo con las recomendaciones del Grupo de Tareas de Servicios Preventivos de los Estados Unidos, puede solicitar una revisión del costo compartido [copago] y solicitar el reembolso. Es posible que se requiera una revisión de costo compartido [copago] para que ciertos medicamentos preventivos califiquen para un copago cero. Para solicitar una revisión de costo compartido [copago], usted o su representante autorizado deben componer una solicitud por escrito y enviarla por correo o por fax a:

Express Scripts  
 Attn: Benefit Coverage Review Department  
 PO Box 66588  
 St Louis, MO 63166-6588  
 Fax: 877-328-9660

### **Beneficio de Prescripción de Medicamentos de Especialidad**

El beneficio de Prescripción de Medicamentos de Especialidad sólo se aplica a los Medicamentos de Especialidad de Nivel 4, dispensados por las Farmacias de Especialidad Participantes. Los Medicamentos de Especialidad son medicamentos de alto costo que se utilizan para tratar condiciones complejas, raras o crónicas y a menudo requieren un manejo, almacenamiento, administración o monitoreo especial del paciente. Los Medicamentos de Especialidad pueden ser medicamentos inyectables orales o autoadministrados para tratar afecciones como artritis reumatoide, hepatitis, esclerosis múltiple, cáncer o trastornos del crecimiento (excluyendo la estatura baja idiopática sin deficiencia de hormona de crecimiento).

Las Farmacias de Especialidad Participantes se especializan en la entrega y manejo clínico de Medicamentos de Especialidad. Usted y su proveedor de atención médica deben trabajar con nuestras Farmacias de Especialidad Participantes para organizar el pedido y la entrega de estos medicamentos.

- Farmacia de Especialidad Participante: Los Medicamentos de Especialidad de Nivel 4 deben ser dispensados a través de una Farmacia de Especialidad Participante. Sus gastos de bolsillo para Medicamentos de Especialidad contarán para su máximo de bolsillo del año calendario si son dispensados por una Farmacia de Especialidad Participante.

- Farmacia de Especialidad No Participante: Usted pagará el total del precio si presenta la receta en una Farmacia de Especialidad No Participante. Sus gastos de bolsillo para Medicamentos de Especialidad no contarán para su máximo de bolsillo del año calendario si son dispensados por una Farmacia de Especialidad No Participante.

Tenga en cuenta lo siguiente: Los Medicamentos de Especialidad que se administran bajo la supervisión de un médico, a través de una infusión en el hogar o dentro de un centro médico, son parte de sus beneficios médicos. Pueden aplicarse pautas específicas de autorización previa. Consulte la Evidencia de Cobertura (EOC) de su plan.

Tenga en cuenta lo siguiente: Este plan solo cubrirá los Medicamentos de Especialidad que son dispensados por nuestras Farmacias de Especialidad Participantes. Si necesita una lista de Farmacias de especialidad participantes, cubiertas por este beneficio de medicamentos de Especialidad, llámenos al 1-866-907-1906 (TTY: 711).
